

Global Remote Work Policy (v2.0)

1. Purpose & Scope

This document outlines the operational frameworks and expectations for remote work arrangements within the organization. It applies to all regional and international office locations.

2. Eligibility Criteria

All full-time employees are eligible for remote working privileges immediately starting from their first official day of employment with the company.

3. Core Working Hours

To maintain operational synergy, all remote team members must remain online, active, and reachable on primary communication channels during core hours from 10:00 AM to 4:00 PM EST.

4. Equipment Stipend

The company provides a standardized corporate workstation laptop and offers a one-time home office setup stipend of \$200 for auxiliary peripherals.

5. Data Security & Compliance

Employees must connect via the corporate secure VPN at all times while conducting work. Using public or unencrypted Wi-Fi networks without an active security layer is strictly prohibited.
